Investment strategy

A selection of listed and unlisted European companies supporting the creation of durable, inclusive employment

Sycomore Inclusive Jobs is an inclusive equity fund that invests in companies creating durable, inclusive jobs, according to Sycomore AM's analysis. The fund invests 85 to 95% of its assets in listed European stocks and 5 to 10% in units of FCPR Sycomore Impact Emploi By INCO. The FCPR, managed by INCO Ventures, invests in unlisted companies and associations that are active in creating inclusive employment for people with difficult access to the job market. The main selection metric is the Good Jobs Rating, which employs three key factors to assess a company's contribution towards meeting job-related societal challenges: quantity, quality and geography. The companies in the portfolio must also operate activities aligned with the societal and environmental transitions.

Performance as of 31.07.2025

Fund commentary

While markets were largely driven by tariff talks and the first half-year earnings publications, indices remained on a positive trend overall, with investors confirming their renewed interest in small and mid-caps - a segment that is overweight in the fund. Nevertheless, several earnings disappointments weighed on the fund's performance. Puma is suffering from competition on its product offering and is now considering an annual loss. Amplifon also lowered its guidance, growth and margin estimates, despite the management's reassuring messages on the group's momentum in recent statements. Finally, we sold our position in Sesa after the company's annual earnings and guidance for 2026 failed to confirm the recovery of organic growth and the improved margins that had been expected (SSI). Conversely, we lowered our financials underweight with the purchase of Munich Re after the company published robust Q2 earnings following its Q1, impacted by the Los Angeles fires. We also initiated a position in Andritz, which has resumed a more positive momentum on order intakes.

SPICE, for Society & Suppliers, People, Investors, Clients, Environment is our tool for assessing a company's performance on sustainability criteria. This tool incorporates the analysis of economic, governance, environmental, social, and societal risks and opportunities covering both the company's daily operations and its product and service offer.

The analysis process covers 90 criteria and leads to a rating per letter. These 5 ratings are weighted based on the company's most material impacts*.

	Fund	Index
SPICE	3.7/5	3.5/5

Archer	Auvergne-Rhône-Alpes

The Good Jobs Rating

Degree to which companies contribute to the creation of sustainable and quality jobs, accessible to the greatest number, particularly in regions, countries or territories most in need.

Coverage rate : fund 100% / index 92%

The Good Jobs Rating developed to measure companies alignment with **SDG 8 - Promote sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all.**

8.5

Achieving full and productive employment and guaranteeing that all men and women, including young and disabled people, are offered decent work and equal pay for work of equal value.

8.6

Considerably reduce the proportion of young people not in employment, education or training.

Environmental analysis

Net Environmental Contribution (NEC)

Degree of alignment of economic activities with the ecological transition, integrating biodiversity, climate and resources, on a standard scale from -100% for total misalignment to +100% for complete alignment, where 0% corresponds to the world economy average. The results are calculated by Sycomore AM or by the [net-initiative.org](https://www.net-initiative.org) based on data for the years 2022 to 2024 according to NEC 1.0 or 1.1.

Coverage rate : fund 100% / index 98%

Fossil fuel exposure

Share of revenues from activities linked to fossil fuels from upstream to energy production, supplied by S&P Global.

Carbon intensity of sales

Weighted average of annual greenhouse gas emissions (GHG Protocol) from scopes 1, 2, 3 upstream and downstream as modelled by MSCI per annual sales in k€.

Coverage rate : fund 99% / index 98%
