Fund commentary

The dollar continued to decline amid geopolitical and trade tensions between the United States and the rest of the world. German sovereign yields remained stable across all maturities. The France vs. Germany bond spread returned to levels observed before the French National Assembly was dissolved, now that the budget has finally been adopted. Credit spreads contracted across all bond segments, despite an extremely dynamic primary market. The risk premium on BB-rated bonds has narrowed by around 10 bp. Vossloh is a leading company specialising in rail infrastructure: rail fastening systems, concrete sleepers, switch systems... This German company issued an unrated hybrid bond callable in 5 years and offering a coupon rate of 5.375% to redeem an earlier issuance and strengthen its capital structure.
